

IKAROS

Designed by
Koray Malhan

VALUE PROPOSAL

Ikaros is a sofa as an alternative to a desk and to serve the needs of any work environment, with the sofa arms doubling as a writing tablet and a table at the same time. The extension wing in the rear is at table height, where it can be used as a work surface while sitting on a chair. This feature allows the seating unit to be used simultaneously from inside and outside, providing the users with a collaborative use for more casual work.
